

CALL FOR BOARD MEMBERS

Are you passionate about healthcare access, health equity, and the future of the growing population of aging adults?

For your family, your neighbors, and your future, the **Home Centered Care Institute** is forging new paths to deliver healthcare where it belongs: in the home. Through analytics, training, advocacy, and advising, we partner with healthcare providers to innovate and expand access to home-based primary care. Our work improves patient outcomes, strengthens healthcare practices, reduces Medicare and Medicaid costs, and addresses deep disparities in access to care across our communities and society.

By supporting our efforts, you can help ensure that the growing population of older Americans and others in need can live longer, healthier lives from the comforts of home.

If this resonates with you and you're looking to make a difference in the healthcare space, consider joining the Home Centered Care Institute's Board of Directors.

HCCI is expanding its board of directors and is seeking candidates who are passionate about our vision of increasing access to flexible, home-based primary healthcare.

Candidates experienced in the areas of philanthropy, law, fundraising, media, insurance/payer systems, technology and/or government/policy are highly sought. Desirable qualities include consensus builders, leaders, motivators, and visionaries. Candidates should be available to participate in committee work in addition to their board service, and most importantly, be willing to act as ambassadors on behalf of HCCI by speaking to our mission of *increasing access to home-based primary care*. As we are on a growth trajectory, we are looking for professionals who can build relationships and make external connections as we expand our programs to meet the increasing healthcare needs of our communities.

Interested in Learning More?

Please complete our [Board Member Interest Form](#). Once we have reviewed it, Julie Sacks, HCCI's President and Chief Operating Officer, will reach out to tell you more about HCCI, its key initiatives and to discuss potential board service. We look forward to getting to know you.

Once again, thank you for your interest!
